PROFILE

Shopify developer and web designer with **2+ years of professional experience** building fast, conversion-focused stores and websites for international clients. Specialised in **Shopify Liquid**, custom theme sections and e-commerce UX, and equally comfortable delivering WordPress/WooCommerce, Wix Studio and Laravel projects from first brief to launch. Uses AI-assisted tools such as Cursor, Claude and ChatGPT to ship faster without compromising code quality.

EXPERIENCE

Shopify Developer & Web Designer

2024 – Present

Freelance · International clients · Remote

- Built and customised Shopify stores for international brands across multiple industries.
- Customised Dawn and Horizon themes with Liquid, HTML, CSS and JavaScript.
- Developed custom Liquid sections, product layouts, sliders, cart drawers and variant logic.
- Integrated third-party apps for reviews, bundles and upselling to extend store functionality.
- Fixed theme errors, JavaScript bugs and responsive issues; improved mobile usability.
- Translated client business goals into clear, working e-commerce solutions.

WordPress Developer

2+ Years

Freelance · Business & e-commerce websites

- Developed responsive websites and landing pages with Elementor and Beaver Builder.
- Built and customised WooCommerce stores, product pages and checkout functionality.
- Customised themes, headers, footers and reusable components; integrated plugins and services.
- Diagnosed PHP errors and plugin conflicts; handled redesigns and ongoing maintenance.

CORE SKILLS

E-COMMERCE & CMS

Shopify · Liquid · Theme Customization · Store Setup · WooCommerce · WordPress · Wix Studio · Wix Editor

FRONTEND

HTML5 · CSS3 · JavaScript · Bootstrap · Responsive Design · UI/UX Implementation

BACKEND

PHP · Laravel · MySQL · REST API Integration · CRUD

EXPERIENCE (CONTINUED)

Wix Web Designer & Developer

2025 – Present

Freelance · Wix Editor & Wix Studio

- Designed responsive business websites and brand-focused landing pages in Wix Editor and Wix Studio.
- Built custom layouts and interactive elements; integrated forms, animations and third-party apps.
- Optimised sites for mobile, usability and performance, aligned with each client's branding.

PHP / Laravel Developer

2 Years

Web application development

- Built dynamic, database-driven web apps with PHP, Laravel and MySQL, including admin dashboards.
- Developed backends for property management and news platforms; designed relationships and reusable logic.
- Created responsive interfaces with HTML, CSS, JavaScript and Bootstrap; maintained and debugged live apps.

SELECTED WORK

Rehaad REHAAD.COM

Led the full website project: design direction, visual assets, site structure and implementation, turning the brief into one cohesive brand experience.

International Shopify Stores E-COMMERCE

Custom theme sections, product-page enhancements, app integrations and responsive shopping experiences for clients across multiple industries.

WordPress & WooCommerce Projects WEBSITES

Business websites and online stores with customised page builders, functionality and responsive layouts.

WHAT I BRING

Conversion-focused design

Clean, premium layouts built to turn visitors into customers.

Custom, not template

Bespoke Liquid sections and components beyond theme defaults.

Full-stack range

Front-end polish backed by PHP and Laravel know-how.

Reliable delivery

Clear communication and ownership from brief to launch.

AI & TOOLS

AI-ASSISTED DEVELOPMENT

Cursor · Claude · ChatGPT · Lovable · Prompt Engineering · AI Prototyping

WORKFLOW

Git & GitHub · VS Code · Shopify CLI · Debugging · App Integrations

WORKING STYLE

Client Communication · Project Management · Independent Delivery

EDUCATION
